

Statement of Financial Need

READ. As a requirement of F-1 visa sponsorship, international students must have financial resources adequate to meet all educational and living expenses while studying at the UO. The purpose of this form is to provide evidence of financial need based on a change in your financial resources or unforeseen circumstances. The Office of Student Financial Aid and Scholarships will use the information provided to verify your financial need when you are applying for UO departmental scholarships.

Instructions: Refer to the total estimated expense for one academic year in the chart below. If your financial resources are no longer adequate to meet the total estimated expense for one year, please list your current financial resources below to show how much financial need you have. If your total financial resources are less than the total estimated expense, then that is your "financial need."

Note of Caution: Your financial need should not be so great that you would be unable to continue your studies at the UO without a scholarship. If you are in need of emergency financial aid, or are unable to continue your studies due to a major change in your financial resources, please contact ISSS at intl@uoregon.edu or call 541-346-3206.
