

O

UNIVERSITY

OF

OREGON

We are

change makers and big dreamers, with our hands in the dirt and our eyes on the cosmos.

We are solutions oriented and community focused, resourceful and collaborative, and we don't shy away from a difficult problem.

We believe

in the power of data and stories, in upending the conventional while learning from our history. We appreciate our commonalities and celebrate our differences, and we value those who challenge our assumptions.

OREGON

*A college town tucked
inside a city of culture.*

It feels familiar, green, and friendly. It's alive with art, music, food, outdoor activities, and just the right amount of weird to keep things interesting.
