

**Recommendation for a Reduced Course Load Due to  
Illness or Medical Condition**

Federal regulations require F-1 and J-1 international students to register full-time each quarter/semester. In order to authorize a reduced course load based upon a medical condition, the student must provide medical documentation from a licensed medical doctor, psychiatrist, doctor of osteopathy, licensed psychologist, or clinical psychologist to International Student & Scholar Services at the University of Oregon, to substantiate the illness or medical condition. This form is required to approve an international student's request to drop below full-time enrollment.
